

EXM-AMI2HT

Input Points	2 points
External Connection	11-pin terminal connector
Input Type	"Single-ended (Voltage Input)
Resolution	12bit
Input Value of LSB	"2.5mV (voltage input)
Input Impedance	"1MK min. (voltage input)
Isolation Method	Photocoupler Isolation between input and internal circuit
Sampling Time	20ms or less
Maximum Error	±1% of full scale
Output Points	/
Rated Output Voltage Range	/
Resolution	/
Output Value of LSB	/
Output Impedance	/
Isolation Method	/
Total Output System Transfer Time	/
Maximum Error	/
External Connection	11-pin terminal connector
Power Consumption	0.34W or less
Mass	85g (0.19lb)
